

ND Associate Residency Opportunity at Mountain Health Team

The Mountain Health Team is searching for an entrepreneurial minded new graduate that is passionate about practicing a broad scope of practice in a Primary Care setting. We are a multi-disciplinary team of practitioners made up Dr. Richard Mountain (clinic owner and ND), the current ND Resident Associate, Massage Therapists, a Certified Childbirth Educator and Lactation Educator and a Certified Life Coach. The clinic is located on Main Street in Airdrie which is 20 minutes north of Calgary and also surrounded by several small towns and a large rural community.

Associate Residency

We are now looking for our third Resident Associate to begin with Dr. Mountain this fall. Dr. Mountain created this program to provide new graduates with an opportunity to participate in a Primary Care Residency Program with a focus on professional business and clinical mentorship. Before becoming an ND, Dr. Mountain worked for nearly 10 years in management and corporate training and as such is passionate about preparing the Resident Associate for building their own successful business or practice. Dr. Mountain believes that residency training is also important to extend the quality of Naturopathic Medical education and enhance the credibility of the profession for the mainstream population. This Associate Residency position is a one year term with the opportunity to continue as a full-time Associate.

Resident Associate Compensation

The remuneration is based on both an initial salary followed by a percent split of patient revenues.

Application Deadline and Process

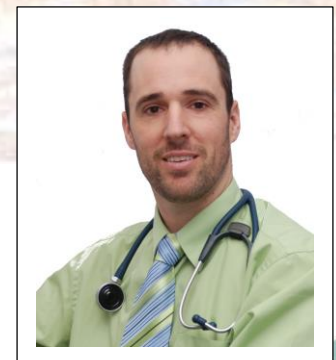

By September 30th, please submit a Cover Letter with Resume attached together to the email below to begin your process.

Contact and Clinic Information

Please contact Dr. Richard Mountain, BSc, CSEP-CEP, ND
